

EQUIPMENT
CATALOG

Manufacturing tough, innovative equipment that moves you forward.

QUALITY

When it comes to quality, we never compromise. From production to service, we deliver equipment that's built to last. That's what Ledwell Made means.

GRIT

We work hard. We're problem solvers. We meet customer challenges with innovative solutions. We get it done.

LEGACY

It took sweat, dedication, and a lot of hard work to build this company. This legacy guides us today.

FAMILY

Our people care. We do what's right for our employees, our customers, and our community – because that's what family does.

LUMBER DUMP

A secure, flexible way to move heavy loads.

Ledwell makes transporting materials that are usually difficult to move easier and more efficient. Lumber Dumps are ideal for loading and transporting sizeable or odd-shaped loads and can be used for light to heavy-duty applications.

You won't find a more reliable dump truck bed than Ledwell's Lumber Bed. Whether you are hauling a pallet of plywood or material to build a house, this tough lumber dump truck bed will safely get the job done.

FLATBED

**Deliver anything from pallets of material
to unique equipment.**

Our Flatbed Trucks come in various lengths with multiple options, including a forklift package to allow maximum loading and unloading efficiency. You can count on Ledwell for a delivery solution with you in mind.

GULL WING

Built for deliveries that require extra protection.

Ledwell engineers designed our patented Gull Wing™ Truck for loads that require extra protection. Its specialty wing design allows the truck to carry multiple pallets of material on each side, making it uniquely equipped to haul loads safely. Our Gull Wing Truck shields and protects pallet loads from the hot sun and other elements so that your materials arrive undamaged.

STAKEBED

Adapt to the job on hand to transport a variety of materials.

Ledwell Stake Bed Trucks are designed to haul a variety of heavy loads. Deliver your building materials, oil field servicing products, or a combination of cargo. Ledwell's stake bed trucks are custom built with removable or fold-down sides depending on your hauling needs.

LUBE BUDDY

Perform lube service and maintenance directly in the field.

Two options provide a mobile service center designed for your light-duty pickup truck or medium-duty flatbed. The Lube Buddy, Jr, or Lube Buddy Max are easily transferable from the truck to the job site, making the Lube Buddy work where you need it. The Lube Buddy is a must-have for any operation to service equipment when and where you need to.

LUBE BUDDY MAX

LUBE BUDDY JR.

TRACTOR RIG UP

Ledwell offers custom tractor up fits to go on any new or used tractor. Choose from various Tractor Wet Kits that provide outstanding performance in the Oil and Chemical, Bulk Haul, and Transportation Industries. High quality pumps and hydraulic systems deliver a product that you can rely on.
